

What would you do if the gynecologist subbing for your regular doctor turned out to be your old high school crush? Successful psychologist Dr. Jennifer Monroe does what any normal, well-adjusted woman would do. She makes an excuse to send the doctor and nurse from the room, dives into her clothes, and flees! Unfortunately, her running away makes conscientious Dr. Penrose conclude she has some kind of sexual hangup. He's determined to refer her to another doctor for her health's sake. If he can just talk to her, he'll suggest counseling for what he thinks are emotional problems. Jennifer refuses to take his phone calls, and she plans to never see him again. After all, Dallas is a big city. What are the odds that she'd ever run into him again? Even money when Fate lends a hand. When Jennifer and Matt meet at a charity gala, he earnestly urges her to seek professional help. Jennifer is incensed that he seems to think she's some frigid old maid. All the old high school resentment floods back, fueling her determination to teach him a lesson he won't soon forget. With Jennifer, payback is a scorcher. Kids play doctor, but these doctors play seduction games. And they're playing for keeps. Will Matt recognize Jennifer? Will Jennifer lure him into her bed? Seduction and sex can be pretty funny when both sides play dirty!
