

The psalm-singers delightful pocket companion. Containing, a plain and easy introduction to psalmody; and an introduction explaining, more at large, the grounds of music in general

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The eighteenth-century fascination with Greek and Roman antiquity followed the systematic excavation of the ruins at Pompeii and Herculaneum in southern Italy; and after 1750 a neoclassical style dominated all artistic fields. The titles here trace developments in mostly English-language works on painting, sculpture, architecture, music, theater, and other disciplines. Instructional works on musical instruments, catalogs of art objects, comic operas, and more are also included. +++++The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification:++++Trinity College Library Watkinson CollectionT155157Pp. 17-88 are engraved.[Glasgow] : Printed for the author, and sold by him at his shop, opposite to the Post-Office in Princes Street, Glasgow: by T. Longman, London: J. Eddowes in Salop: and by the booksellers in Great Britain 12,88,16p. : ill., engr. music ; 8Â°
