

The Rivals is the first major comedy by Richard Sheridan, a radical Irish actor and politician in George III's England. Not quite as complex and astute as his later *She Stoops to Conquer*, the Rivals remains a warm, unforgettable, and very, very funny play. Here we meet the chatty Mrs. Malaprop, who proudly tells us if I reprehend anything in this world, it is the use of my oracular tongue, and a nice derangement of epitaphs; her niece Lydia, lost in the world of lurid half-bound romantic novels; Sir Anthony Absolute, often wrong but never in doubt; Sir Lucious O'Trigger, of Blunderbuss Hall; and the rest. The dialogue and plot devices are well-crafted and funny; the social commentary is perceptive and satisfyingly naughty; but what stays with you is the humanity of each of the characters. These are not the caricatures of Restoration comedy, but personalities the reader will remember; ridiculous like all humans, but engendering empathy as well as laughter.
